## Artist / Painter / Video Maker / Curator

---

Iman is a multidisciplinary artist, primarily identifying as a storyteller. He feels a strong urge to share the narrative of his own life and community, with the aim of connecting with others and sparking ideas and meaningful conversations. His work centres around humanity, where he creates portraits and figures of both real and imaginary characters in surrealistic environments. Employing a variety of techniques and symbols, he strives to convey messages and evoke emotions in his artistic expressions.
